Samia Alam

Skills

- C,C++
- HTML,CSS,JAVASCRIPTS
- REACT,MATERIAL UI,BOOTSTRAP
- PYTHON, DJANGO
- ALGORITHM AND PROBLEM SOLVING

Experience:

As I am a 4th year undergraduate student ,I have no experience.

Education

- Computer science and engineering | Jahangirnagar University CGPA: 3.6 |(Mar '20 -Mar'25) .
- Patuakhali Govt. Women's College,Patuakhali GPA: 5 | 2019
- Tejgaon Govt. High School ,Dhaka GPA: 5 | 2017

Projects

Registration Page-

Recently, I completed a registration form using PHP, CSS, and HTML in my database management course.

Exam Bill Management System-

I performed a group project named Exam Bill Management System using React, HTML, CSS, MaterialUI as the front end, and Django as the backend. By using this website, teachers can make their bills according to their exam category very easily and digitally.

Plant Shop-

I made a personal project named Plant Shop Management using React, Material UI, Styled Component, and Animation. By using this website users can buy their favorite indoor and outdoor plants.

Others

- In the National Girls Programming Contest 2022 i performed a team contest where my team won 10 th position in Bangladesh.
- Now I continue problem solving with different online judges.
